# THE RE-BOND

DEEP HAIR REPAIR  
AT THE BOND LEVEL

## STEP 1 SHAMPOO

Citric acid cleanses away product build-up leaving hair primed and ready for deep repair.

## STEP 2 PRE-CONDITIONER

Ultra-intensive formula that uses Maleic acid to re-connect and re-inforce weakened bonds.

## STEP 3 CONDITIONER

Taurine seals in moisture and protects strands from the inside out, creating more resilience against future damage.
