WAHL CANADA CLIPPER BLADE INFORMATION

The following blades can be used on

Wahl: Dual Velocity

Sterling: Quick Silver

**Compatible with: Oster &
Andis**

COMPETITION SERIES Detachable Clipper Blades

<i>BLADES</i>	<i>DESCRIPTION</i>
Model: 52201 "00000" / .4mm	Finishing Blade
Model: 52202 "0000" / .6mm	Excellent blade to use for masculine cuts. Gives ends a sharp clean appearance-no soft edges.
Model: 52203 "000" / .8mm	Allows thicker hair to have masculine finish. Placement of blade allows thicker hair to feed more easily
Model: 52205 "0A" / 1.8mm Model 52207: "1" / 2mm Model: 52209 "1A" / 2.8mm	Feminine Blade All 3 Blades create a cutting edge that is soft and blended. Creates a soft rather than a strong line. Excellent for layering and blending. It is recommended that you use a comb or finger techniques with these blades.
Model: 52213 "2" / 6mm	Similar to a #2 cutting guide. Will create soft texture lines. Recommended for feminine Hair.

Model: 52214 "3.5" / 8mm	To be used without a comb, free hand only. Gives the same results as a #3 guide, the hair will be even and balanced. Use slow strokes to allow the full amount of hair into the clipper.
Model: 52217	Speed. Allows gliding through thick hair.
Model: 52218	Texturizes ends of hair
